-  Orange zone
-  Blue zone
-  Pink zone

S SMALL: Suitable for one class for lunch

L LARGE: Space for multiple classes for lunch

Q QUIET: Small areas that are often quiet if you need a chillout area. Please avoid congregating here for lunch to allow the space to stay quiet for groups who need it

Terrace Restaurant – limited space
 If space is available, small groups are welcome here, but space is not guaranteed.

For the best chance of finding a space we recommend going before 12:30, splitting into small groups and/or staggering lunch times for the best chance of finding a space in the restaurant.

If space isn't available there are plenty of other spots out in the zoo for groups to eat together

 London zoo is a non-smoking site. Please respect our animals and other visitors by refraining from smoking or vaping on site.
